AGRICULTURAL ENGINEER

based at our Selkirk depot

An excellent opportunity has arisen for an Agricultural Engineer based at our Selkirk depot.

Duties will include service and repairs on all agricultural machinery either workshop based or on farms. Training will be provided on manufacturers' service courses for both products and diagnostic equipment.

A good salary package, company pension and other benefits are on offer as well as a company mobile phone and service van.

To apply, or for more information, please email your CV to gmillar@hendersongm.co.uk or post to Graeme Millar, Henderson Grass Machinery Ltd, Yarrow Mill, Dunsdale Road, Selkirk, TD7 5EB.
